Subject: RE: PE physical addresses for tomorrow?

Hi Karina,

It is my understanding that the PE materials should go to the following:

Bacalan, Vince <Bacalan.Vince@epa.gov>; Jennifer Hecker JHecker@chnep.org; yelensky.eric@epa.gov

Do you have a one drive or SharePoint site? I have been able to share documents using our One Drive. I'm in tomorrow if you want to brainstorm. I'm also here till 5:15 PM today.

You may need to

Subject: PE physical addresses for tomorrow?

Importance: High

Hi Erica!

We are polishing off our final products for the SMBNEP Program Evaluation, and we were planning on emailing the key reports tomorrow afternoon to the review team. But there are a number of large file attachments that we'll need to either mail on a flash drive or send via some very large (~3 gigs) online portal.

Can you please advise re: list of email addresses to send the final pdf products to, and physical addresses (or another method) of those who should receive copies of all attachment files?

Thank you!
